Front-End Developer

# About Me.

I'm a front-end developer with a passion for design. I leverage 10 years of experience in television/digital content development and brand marketing to create visually compelling websites that are responsive, intuitive, and strive to increase user engagement.

When I'm not working, you can find me taking photos, cooking, gardening, walking my dog, listening to great music, and/or traveling.

# Work.

# Say Hello.

I enjoy building things and would love to work with you. Drop me a note and say hello!
